

## Zoom away Car, Airplane, Train and Truck!

123 Grow 2B April 27<sup>th</sup>- May 1<sup>st</sup>

### **Creativity**

#### **Painting with cars**

Things required: shoe box, matchbox cars, paint, paper, and tape.

Tape the paper to the inside of the shoe box. Have children dip the cars into paint. Place the car in the box and zoom away. You can also roll out a long paper for children to simply dip the cars in paint and zoom on paper. Children will see car tracks on the paper. What fun!

#### **Traffic light**

Make 3 big circles on a paper using colored markers red, yellow and green. Have children fill in the colors using any material: markers, crayons, paints or color pencils. If available tape it to a milk/juice carton. Children have their very own traffic light for dramatic play.

#### **Make your own things that go**

Different shapes (circle, triangle, oval, square, rectangle) of different colors and glue

Take a sheet of paper and have children glue different shapes to make their very own vehicle.

### **Dramatic play**

Cut out boxes to make ramps for children to zoom on.

### **Books**

Car, Car, Truck, Jeep

### **Sensory/Outdoor**

#### **Car tracks**

Using matchbox cars on playdough to make car tracks.

#### **Car wash**

Have children bring their bicycle and cars outdoors. Using soap and water wash them down and then use a towel to dry.
