PARENTS -

We understand that some of you have chosen remote learning or are not yet prepared to have your child participate in an afterschool activity setting. Here at the YWCA Greenwich, we wish to continue to keep in touch with our former participants and still provide some 'virtual' programming. The GYWCA Office of Youth Programs will provide a newsletter twice a month, with activities for your child to enjoy; and information about upcoming programs at the YWCA you may be interested in. Obviously, we would love to have your child participate in our program in person, but this should suffice until we see each other again. **STAY HEALTHY!!!**

- Arthur Smith, Director of Youth Programs
