## Independent Auditors' Report

**Board of Directors  
YWCA Greenwich, Connecticut, Inc.  
Greenwich, Connecticut**

### Opinion

We have audited the accompanying financial statements of YWCA Greenwich, Connecticut, Inc. (a nonprofit organization), which comprise the statements of financial position as of June 30, 2024 and 2023, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of YWCA Greenwich, Connecticut, Inc. as of June 30, 2024 and 2023, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of YWCA Greenwich, Connecticut, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about YWCA Greenwich, Connecticut, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

**Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of YWCA Greenwich, Connecticut, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about YWCA Greenwich, Connecticut, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Notes to Financial Statements  
June 30, 2024 and 2023

### **1. Nature of Operations**

YWCA Greenwich, Connecticut, Inc. (YWCA) operates programs that enhance the lives of adults and children in the community through fitness and aquatics programs, childhood education programs, domestic and sexual violence services, program related financial aid opportunities, community education events, and equity and justice initiatives. On July 1, 2023, YWCA launched the addition of sexual violence services to its existing domestic abuse services. The program offering both domestic and sexual violence services was rebranded as Harmony Project. During 2024 and 2023, approximately 11,100 and 11,650, respectively, adults and children participated in and benefited from YWCA programs and services (unaudited). Founded in 1919, YWCA continually meets the changing needs of people it services pursuant to its mission to eliminate racism, empower women, and promote peace, justice, freedom and dignity for all. YWCA is funded primarily by program service fees and memberships collected from individuals, as well as contributions, special event revenues and grants.

### **2. Summary of Significant Accounting Policies**

#### ***Adoption of New Accounting Pronouncement***

In June 2016, the Financial Accounting Standards Board issued an accounting pronouncement related to the measurement of credit losses on financial instruments. This pronouncement and subsequently issued Accounting Standards Updates, clarified certain provisions of the new guidance, changed the incurred loss model for most financial assets and required the use of an expected loss model for instruments measured at amortized cost and certain other instruments that are not measured at fair value through net income. Under this model, entities are required to estimate the lifetime expected credit losses on such instruments and record an allowance to offset the amortized cost basis of the financial asset, resulting in a net presentation of the amount expected to be collected on the financial asset. The adoption of this guidance on July 1, 2023 expanded YWCA's required disclosures for its expected credit losses for campaign contributions receivable, program receivables, and contributions and grants receivables but did not have a material effect on its financial statements.

#### ***Basis of Accounting***

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

#### ***Use of Estimates***

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

### **2. Summary of Significant Accounting Policies (*continued*)**

#### ***Cash and Cash Equivalents***

YWCA considers all liquid investments with original maturities of three months or less to be cash equivalents. Uninvested cash and cash equivalents included in investment accounts, including endowment accounts, are not considered to be cash and cash equivalents. At June 30, 2024, cash equivalents consisted primarily of money market funds.

At times cash deposits may exceed the federally insured limits of the financial institution and expose YWCA to credit risk. As of June 30, 2024, YWCA's cash and cash equivalents did not exceed federally insured limits.

#### ***Receivable and Allowance for Credit Losses***

Contribution and grants receivable consist of unconditional promises to give and are recorded in the year the promise is made. Contribution and grants receivables that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. Program receivables are stated at the amount of consideration from participants, of which YWCA has an unconditional right to receive.

Prior to July 1, 2023, receivables were recorded at the amount invoiced less an allowance for doubtful accounts. The net amount of receivables and corresponding allowance for doubtful accounts were presented on the statement of financial position. Receivable balances were assessed at every reporting date for collectability and an allowance was recorded if the receivable was considered uncollectable. Subsequent to July 1, 2023, receivable are recorded at amortized cost less an allowance for credit losses that are not expected to be recovered. The amount of receivable and corresponding allowance for credit losses are presented on the statement of financial position. YWCA maintains allowances for credit losses resulting from the expected failure or inability of its customers to make required payments. YWCA recognizes the allowance for credit losses at inception and reassesses at every reporting date based on the asset's expected collectability. The allowance is based on multiple factors including historical experience with uncollectible accounts, the credit quality of the customer base, the aging of such receivables and current macroeconomic conditions, as well as expectations of conditions in the future, if applicable. YWCA's allowance for credit losses is based on the assessment of the collectability of assets pooled together with similar risk characteristics.

YWCA records a provision for expected credit losses using a historical loss-rate method based on the ratio of its historical write-offs to its average receivables. At each reporting period, YWCA assesses whether financial assets in a pool continue to display similar risk characteristics. If particular receivables no longer display risk characteristics that are similar to those of the receivables in the pool, YWCA may determine that it needs to move those receivables to a different pool or perform an individual assessment of expected credit losses for those specific receivables.

### **2. Summary of Significant Accounting Policies (continued)**

#### ***Receivable and Allowance for Credit Losses (continued)***

YWCA's receivables are written off only when all collection attempts have failed. If any recoveries are made from any accounts previously written off, they will be recognized in income or an offset to credit loss expense in the year of recovery, in accordance with YWCA's accounting policy election. The total amount of write offs was immaterial to the financial statements as a whole for the year ended June 30, 2024.

#### ***Investments***

YWCA follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable inputs and are used to the extent that observable inputs do not exist.

Pursuant to U.S. GAAP guidance, investments where fair value is measured using the Net Asset Value ("NAV") per share as a practical expedient is not categorized within the fair value hierarchy.

#### ***Investment Return***

Investment return includes dividends, interest, and other investment income; realized and unrealized gains and losses on investments carried at fair value; and realized gains and losses on other investments, less external, and direct internal investment expenses. Gains and losses on the sale of securities are recorded on the trade date and are determined using the specific identification method.

Investment return that is initially restricted by donor stipulation and for which the restriction will be satisfied in the same year is included in net assets without donor restriction. Other investment return is reflected in the statement of activities with or without donor restrictions based on the existence and nature of any donor or legally imposed restrictions.

#### ***Property and Equipment***

Property and equipment are recorded at cost or donated value. The cost of property and equipment purchased in excess of \$5,000 is capitalized. Depreciation is provided using the straight-line method over estimated useful lives ranging from three to twenty years for furniture, fixtures, and equipment, fifty years for buildings and five to forty years for building improvements. Expenditures for major renewals and betterments that extend the useful lives of property and equipment are capitalized. Expenditures for repairs and maintenance are charged to expense as incurred.

#### ***Impairment of Long-Lived Assets***

U.S. GAAP guidance, *Accounting for the Impairment or Disposal of Long-lived Assets* requires long-lived assets and certain identifiable intangible assets be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of the long-lived assets is measured by a comparison of the carrying amount of the assets to future undiscounted net cash flows expected to be generated by the assets. If such assets are considered to be impaired, impairment would then be measured as the difference between the fair value of the asset and its carry value to determine the amount of the impairment. YWCA generally determines fair value by using the undiscounted cash flow method. No impairment losses have been recorded to date.

#### ***Deferred Revenue***

YWCA receives payments for programs in advance. These prepayments are recorded as liabilities and are applied against the period in which they are earned. All deferred revenue is expected to be earned in the next fiscal year.

#### ***Leases***

YWCA accounts for leases in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 842, *Leases*, which requires recognizing right of use ("ROU") assets and lease liabilities for operating leases on the statement of financial position.

YWCA has noncancellable operating leases for equipment and determines if an arrangement is a lease at inception. Operating leases are included in operating lease ROU assets and operating lease liabilities on the accompanying statements of financial position.

ROU assets represent the right to use an underlying asset for the lease term and lease liabilities represent the obligation to make lease payments arising from the lease. Operating lease ROU assets and liabilities are recognized at the commencement date based on the present value of lease payments over the lease term.

As most leases do not provide an implicit borrowing rate, YWCA generally uses a risk-free rate based on the information available at the commencement date in determining the present value of lease payments. The operating lease ROU asset includes any lease payments made and excludes lease incentives. The lease term may include options to extend or terminate the lease when it is reasonably certain that YWCA will exercise that option. Lease expense for lease payments is recognized on a straight-line basis over the lease term.

YWCA's lease agreements do not contain any material residual value guarantees or material restrictive covenants.

### 2. Summary of Significant Accounting Policies *(continued)*

#### **Net Assets**

Net assets of YWCA are classified based on the presence or absence of donor-imposed restrictions. Net assets are comprised of two groups as follows:

**Net assets without donor restrictions** – net assets without donor restrictions are available for use at the discretion of the Board of Directors (“Board”) and/or management for general operating purposes. From time to time the Board designates a portion of these net assets for specific purposes which makes them unavailable for use at management’s discretion. The Board has designated a portion of net assets without donor restrictions as a board designated endowment.

**Net assets with donor restrictions** – net assets with donor restrictions consist of assets whose use is limited by donor-imposed, time and/or purpose restrictions. Some assets with donor restrictions include a stipulation that assets provided be maintained permanently (perpetual in nature).

#### **Contributions**

Contributions are provided to YWCA either with or without restrictions placed on the gift by the donor or grantor. Revenues and net assets are separately reported to reflect the nature of those gifts – with or without donor restrictions. The value recorded for each unconditional grant and contribution, with or without restriction, is recognized as follows:

| Nature of Gift   | Value Recognized  |
|--|---|
| <i>Conditional gifts, with or without restriction</i>                                    |   |
| Gifts that depend on YWCA overcoming a donor-imposed barrier to be entitled to the funds | Not recognized until the gift becomes unconditional, i.e., the donor-imposed barrier is met                             |
| <i>Unconditional gifts, with or without restriction</i>                                  |   |
| Received at date of gift – cash and other assets   | Fair value  |
| Received at date of gift – property, equipment, and long-lived assets                    | Estimated fair value  |
| Expected to be collected within one year   | Net realizable value  |
| Collected in future years  | Initially reported at fair value determined using the discounted present value of estimated future cash flows technique |

### **2. Summary of Significant Accounting Policies (continued)**

#### ***Contributions (continued)***

In addition to the amount initially recognized, revenue for unconditional gifts to be collected in future years is also recognized each year as the present-value discount is amortized using the level-yield method.

When a donor or grantor stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. Absent explicit donor or grantor stipulations for the period of time that long-lived assets must be held, expirations of restrictions for gifts of land, buildings, equipment, and other long-lived assets are reported when those assets are placed in service.

Gifts having donor or grantor stipulations which are satisfied in the period the gift is received are reported as revenue and net assets without donor restrictions.

Conditional contributions having donor stipulations which are satisfied in the period the gift is received are recorded as revenue and net assets without donor restrictions.

#### ***Grants***

Support funded by grants is recognized as YWCA meets the conditions prescribed by the grant agreement, performs the contracted services, or incurs outlays eligible for reimbursement under the grant agreements. Grant activities and outlays are subject to audit and acceptance by the granting agency and, as a result of such audit, adjustments could be required.

#### ***Program Services Fees***

Program services fees are recognized over the term of the program as YWCA provides services to participants. Revenue is reported at the amount of consideration which YWCA expects to be entitled in exchange for providing services. YWCA determines the transaction price based on standard charges for services provided, reduced by discounts provided for financial aid to participants.

#### ***Membership Revenue***

Membership revenue is recognized over time as YWCA satisfies performance obligations under its contracts which consist primarily of providing access to the YWCA facilities. Revenue is reported at the estimated transaction price or amount that reflects the consideration to which YWCA expects to be entitled in exchange for providing services. YWCA determines the transaction price based on standard charges for services provided, reduced by implicit and explicit price concessions. YWCA determines its estimates of implicit and explicit price concessions based upon contractual agreements, its discount policies and historical experience. The estimated amounts also include variable consideration financial aid offered to members.

### **2. Summary of Significant Accounting Policies (continued)**

#### ***Special Events Revenue***

Special event revenue is recognized when the events are held. Revenue is reported at the amount of consideration which YWCA expects to be entitled in exchange for the direct cost of the benefits received by the participant at the event.

#### ***Functional Expenses***

The costs of providing programs and supporting activities have been summarized on a functional basis in the statement of activities. The statement of functional expenses presents expenses by function and natural classification. Expenses directly attributable to a specific functional area are reported as expenses of those functional areas while indirect costs that benefit multiple functional areas have been allocated based on hours worked, square footage of space used, and other methods.

#### ***Income Taxes***

YWCA is exempt from federal and state income taxes as a public charity under Section 501(c)(3) of the Internal Revenue Code. However, YWCA is subject to federal income tax on any unrelated business income.

YWCA recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management has determined that YWCA had no uncertain tax positions that would require financial statement recognition or disclosure. YWCA could be subject to examinations by applicable taxing jurisdictions for returns filed in prior years. No liability has been recognized related to this contingency.

#### ***Advertising Costs***

Advertising costs are expensed as incurred and aggregated \$22,675 and \$34,041 in 2024 and 2023.

#### ***Measure of Operations***

In its statement of activities, YWCA includes in its definition of operations all revenues and expenses that are an integral part of its programs and supporting activities. Investment income, including net realized and unrealized gains and losses, is recognized as nonoperating support, revenues, gains, and losses.

### 3. Campaign Contributions Receivable

Contributions receivable as of June 30, 2024 and 2023 consisted of the following:

|                            | With Donor Restrictions |            |
|----------------------------|-------------------------|------------|
|                            | 2024                    | 2023       |

|                            | \$ 418,544              | \$ 513,899 |

Discount rate was 3% for 2024 and 2023.

### 4. Conditional Gifts

YWCA has received conditional promises to give of \$12,500 at June 30, 2023, that are not recognized in the financial statements. There were no conditional promises to give received at June 30, 2024.

### 5. Investments

In April 2024, YWCA changed investment managers. The assets in the endowment were transferred and dispersed to investment vehicles with the new manager that continue to hold the assets in line with the investment policy statement which has remained unchanged.

Investments, which are valued using the fair value hierarchy, consist of the following at June 30, 2024 and 2023:

|                                    | June 30, 2024 |               |               |

### 7. Line of Credit

In September 2020, YWCA entered into a \$2 million revolving line of credit (“LOC”) with Wells Fargo Bank, N.A. that was due to mature on July 31, 2024. In March 2024, YWCA closed the LOC. At June 30, 2023, there were no borrowings against the line. The line was collateralized by \$4,746,383 of YWCA’s investments at June 30, 2023.

### 8. Commitments

YWCA leases certain equipment under a noncancellable operating lease expiring August 2027. When assessing the value of the ROU asset, YWCA has not considered optional renewal options because it is not reasonably certain that it will exercise such options.

The following summarizes the weighted average remaining lease term and discount rate:

|                                       | <u>June 30, 2024</u> | <u>June 30, 2023</u> |

| Weighted Average Discount Rate        | 3.96%                | 3.96%                |

The maturities of lease liabilities as of June 30, 2024 are as follows:

| <u>Year ending June 30:</u> |                         |
|-----------------------------|-------------------------|

|                             | <u><u>\$113,003</u></u> |

Rent expense was \$38,028 and \$31,690 in 2024 and 2023. Amounts are comprised entirely of fixed lease expense as there is no variable lease expense.

The following summarizes the line items in the statements of activities which include the components of lease expense for the year ended June 30:

### **9. Multiple-employer Pension Plan**

YWCA contributes to a multiple-employer cash balance defined benefit pension plan qualified under Section 401(a) of the Internal Revenue Code. The plan is administered by YWCA USA's Retirement Fund (a separate national corporation). The risks of participating in this multiple-employer plan are different from single-employer plans in the following aspects:

- Assets contributed to the multiple-employer plan by one employer may be used to provide benefits to employee of other participating employers.
- If YWCA chooses to stop participating in its multiple-employer plan, YWCA may be required to pay those plans an amount based on the underfunded status of the plan, referred to as a withdrawal liability.

The actuarial present value of accumulated plan benefits and net assets available for benefits relating to YWCA's employees is not available because such information is not accumulated for each participating organization. As of December 31, 2023, based on information received from the plan, the plan was approximately 127% funded.

Employees become eligible for participation in the plan after two years of service and minimum of 1,000 hours per year. On an annual basis, participating YWCAs can elect to contribute 10%, 7.5%, 5%, or 3% of the employee's salary. Based on the level of YWCA's contributions, YWCA USA's Retirement Fund will match at 4%, 3%, 2%, and 1.2% respectively. For the 2024 and 2023 fiscal year ends, YWCA elected the 5% contribution rate. The pension expense for the years ended June 30, 2024 and 2023 was \$125,887 and \$122,392, respectively.

### **10. Employee Tax Deferred Compensation Plan**

Effective March 2024, YWCA sponsors a qualified tax deferred compensation plan as defined under Section 403(b) of the Internal Revenue Code (the "Plan") covering substantially all employees. All employees are eligible to make elective salary reduction contributions to the Plan upon employment. The Plan does not allow for employer contributions.

### **11. Significant Estimates and Concentrations**

#### ***Grants and Contributions***

Approximately, 55% and 41% of all grants and contributions were received from three and two donors in 2024 and 2023, respectively. Approximately, 61% and 67% of the grants and contribution receivables are due from three and four donors as of June 30, 2024 and 2023, respectively.

### 11. Significant Estimates and Concentrations (*continued*)

#### ***Pension Benefit Obligations***

YWCA contributes to a multiple-employer defined benefit pension plan whereby it agrees to provide certain postretirement benefits to eligible employees. The benefit obligation is the actuarial present value of all benefits attributed to service rendered prior to the valuation date based on the projected unit credit cost method. It is reasonably possible that events could occur which could result in higher contributions by YWCA into the plan.

#### ***Investments***

YWCA invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect the amounts reported in the accompanying statements of financial position.

### 12. Net Assets

Net assets without donor restrictions is comprised of undesignated and Board designated amounts for the following purposes at June 30, 2024 and 2023:

|                                   | <u>2024</u>         | <u>2023</u>         |

### 13. Revenue from Contracts with Participants and Members

#### ***Program Revenue***

Revenue from contracts with participants for fees for program services is reported at the amount that reflects the consideration to which YWCA expects to be entitled in exchange for providing fitness and aquatics programs, childhood education programs, and other programs.

Revenue is recognized as performance obligations are satisfied, which is ratably over the program term. Generally, YWCA bills prior to the beginning of the program upon registration. Certain programs may have billing dates.

#### ***Membership Dues Revenue***

Revenue from contracts with members for dues is reported at the amount that reflects the consideration to which YWCA expects to be entitled in exchange for providing access to membership services.

Revenue is recognized as performance obligations are satisfied, which is ratably over the membership term. Generally, YWCA has an annual membership where the members are billed monthly.

#### ***Special Events Revenue***

Revenue from special events is reported at the amount that reflects the consideration to which YWCA expects to be entitled in exchange for the direct cost of the benefits received by the participant at the event. These revenues are recognized over time.

### 13. Revenue from Contracts with Participants and Members *(continued)*

#### ***Transaction Price and Recognition***

YWCA determines the transaction price based on standard charges for services provided, reduced by discounts provided in accordance with YWCA's policy. YWCA determines its estimates of explicit price concessions based on its discount policies.

YWCA has determined that the nature, amount, timing and uncertainty of revenue, and cash flows are affected by YWCA's line of business that provided the services.

For the years ended June 30, 2024 and 2023, YWCA recognized revenue of \$3,798,180 and \$3,649,085, respectively, from services that transfer to the participants and members over time, and special event income of \$373,835 and \$429,916, respectively, that transfer to the attendees at a point in time.

#### ***Contract Balances***

The following table provides information about YWCA's receivables and contract liabilities from contracts with participants:

|   | 2024      | 2023      |
|---|-----------|-----------|
| Accounts receivable, beginning of the year  | \$ 45,458 | \$ 54,242 |
| Accounts receivable, end of the year        | 57,913    | 45,458    |
| Contract liabilities, beginning of the year | 858,272   | 946,259   |
| Contract liabilities, end of the year       | 957,486   | 858,272   |

#### ***Performance Obligations and Transaction Price***

Because all of its performance obligations relate to contracts with a duration of less than one year, YWCA has elected to apply the optional exemption provided in the FASB ASC 606-10-50-14(a) and, therefore, is not required to disclose the aggregate amount of the transaction price allocated to performance obligations that are unsatisfied or partially unsatisfied at the end of the reporting period. The unsatisfied or partially unsatisfied performance obligations referred to above are primarily related to classes starting in the next six months. The performance obligations for these contracts are generally completed when the classes are completed.

#### ***Financing Component***

YWCA has elected the practical expedient method allowed under FASB ASC 606-10-32-18 and does not adjust the promised amount of consideration from participants for the effects of a significant financing component due to YWCA's expectation that the period between the time the service is provided to a participant and the time the participants pay for that service will be one year or less.

### 13. Revenue from Contracts with Participants and Members *(continued)*

#### **Concentration**

Revenue is primarily received from residents of Greenwich, Connecticut and the surrounding area.

### 14. Liquidity and Availability of Resources

YWCA's financial assets available within one year of the statement of financial position date for general expenditure are as follows at June 30:

|  | <u>2024</u>         | <u>2023</u>         |
|--|---------------------|---------------------|
| Cash and cash equivalents  | \$ 454,438          | \$ 719,973          |
| Campaign contributions receivable  | 370,000             | 310,000             |
| Contributions, grants and program receivables  | <u>382,651</u>      | <u>876,634</u>      |
| Total Financial Assets Available to Management for<br>General Expenditures Within One Year | <u>\$ 1,207,089</u> | <u>\$ 1,906,607</u> |

YWCA receives significant contributions restricted by donors and considers contributions restricted for programs which are ongoing, major, and central to its annual operations to be available to meet cash needs for general expenditures. For the year ended June 30, 2024 and 2023, restricted contributions of \$491,588 and \$640,021, respectively, were included in financial assets available to meet cash needs for general expenditures within one year.

YWCA's endowment funds consist of donor-restricted endowments and funds designated by the board as endowments. Income from donor-restricted endowments is not available for general use but is used to fund specific expenses authorized by the fund.

The board-designated endowment is subject to an annual spending rate as described in Note 15. Although YWCA does not intend to spend from this board-designated endowment (other than amounts appropriated for general expenditure as part of the Board's annual budget approval and appropriation), these amounts could be made available, if necessary.

YWCA manages its liquidity and reserves following three guiding principles: operating within a prudent range of financial soundness and stability, maintaining adequate liquid assets to fund near-term operating needs, and maintaining sufficient reserves to provide reasonable assurance that long-term obligations will be discharged. YWCA monitors liquidity and cash flows on an ongoing basis to ensure an appropriate amount of cash and cash equivalents are available to meet current expenditure needs. Management reports its financial position regularly to the Board.

### 15. Endowment

In July 2006, the National Conference of Commissioners on Uniform State Laws approved the *Uniform Prudent Management of Institutional Funds Act* (UPMIFA) as an updated version of the *Uniform Management of Institutional Funds Act* (UMIFA). UMIFA, in effect in Connecticut since 1973, provided a prudent standard for the spending of the net appreciation of a donor-restricted endowment fund and imposed a spending floor of a fund's book value (referred to as historic dollar value in UMIFA). UPMIFA became law and replaced UMIFA in Connecticut on October 1, 2007 and provides, among other things, expanded spending flexibility by allowing, subject to a standard of prudence, the institution to spend from an endowment fund without regard to the book value of the corpus of the fund. This flexibility under UPMIFA allows an expenditure that lowers the value of the corpus of the fund below its book value, which was not allowed under UMIFA.

As a result, YWCA classifies amounts in its donor-restricted endowment funds as net assets with donor restrictions because those net assets are time restricted until the governing body appropriates such amounts for expenditures. Most of those net assets also are subject to purpose restrictions that must be met before being reclassified as net assets without donor restrictions.

Additionally, in accordance with UPMIFA, YWCA considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- 1) Duration and preservation of the fund
- 2) Purposes of YWCA and the fund
- 3) General economic conditions
- 4) Possible effect of inflation and deflation
- 5) Expected total return from investment income and appreciation and depreciation of investments
- 6) Other resources of YWCA
- 7) Investment policies of YWCA

YWCA's endowment consists of five individual funds established for a variety of purposes. The income from the assets can be used to support Racial Justice, Women's Economic Advancement, Harmony Project and making the building handicapped accessible. As required by GAAP, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

#### ***Endowment Fund Investment and Spending Policies***

YWCA has adopted investment and spending policies regarding its endowment fund that attempt to provide a predictable stream of funding to programs and other projects supported by its investment assets while seeking to maintain the purchasing power of the investment assets.

YWCA's investment policy to achieve this objective is to invest in diversified securities. The investment policy is reviewed at least annually by the Executive, Finance, and Investment Committees. Any amendment to the policy must be approved by the Board of Directors.

YWCA has a spending policy of expenditure each year up to 4% of its investments' average fair value over the prior twelve quarters through March 31 of the preceding year in which the expenditure is planned. In addition, the overall spending policy allows for the funding of capital expenditures and the funding of other special projects that may arise. The spending policy is reviewed at least annually by the Executive, Finance, and Investment Committees. Any amendment to the policy must be approved by the Board of Directors. The Board of Directors approves the planned spending policy maximums during its approval of the budget.

#### ***Underwater Endowments***

As of June 30, 2024 and 2023, YWCA does not have any underwater endowment funds.

### 16. Subsequent Events Evaluation by Management
